

MISSION

The Modular Building Association of British Columbia is a non-profit association composed of manufacturers, lessors, suppliers, contractors and consultants who are committed to the future of the modular building industry in British Columbia.

Recognizing the growing number of industries and consumers who utilize modular buildings throughout the province -

THE MISSION OF THE ASSOCIATION IS TO PROMOTE THE CONTINUED DEVELOPMENT OF THE MODULAR BUILDING INDUSTRY IN BRITISH COLUMBIA.

The association will achieve its mission by:

Promoting the interests of the modular building industry to the public and government.

Sharing information regarding modular buildings and modular building developments.

Undertaking projects worthwhile to the modular building industry and society.

Encouraging and promoting high standards and ethics in the marketing and manufacture of modular buildings.
