

## PURPOSES

*The purposes of this association shall be:*

- To safeguard and promote the interests of the members of the industry by all legal means
- To encourage and promote high standards and ethics in the marketing and manufacture of non-residential factory built modular buildings
- To recognize personal contributions of members to the growth and development of the association and industry
- To recognize projects of member companies which exemplify the quality and versatility of the industry
- To cultivate friendship and mutual understanding among members engaged in the non-residential factory built modular building industry
- To discourage unfair practices in the non-residential factory built modular building industry
- To promote a 'Seal of Approval' program which would ensure customer satisfaction and product acceptability
- To develop an 'Awards of Distinction' program to recognize design and construction excellence
- To enhance the ability of members to export non-residential factory built modular buildings outside British Columbia
- To further the education of members of the association by cooperation with manufacturers, suppliers, associates, architects, engineers, general contractors, etc.
- To proactively hold meetings and workshops for the presentation and discussion of matters of concern to develop and promulgate standards, codes, formulas, and recommended practices in the trade
- To encourage communication among members for the mutual exchange of knowledge and experience
- To encourage the personal and technical development of the association's members
- To monitor federal and provincial building codes and administrative rules and regulations and to facilitate the implementation of favourable rules and regulations for our industry
- To establish an identity for the non-residential factory built modular building industry separate from manufactured housing and residential buildings
